

MARYVALE PREPARATORY ACADEMY

A Great Hearts Academy

Summer School Registration Information

We are excited to announce that we will be once again offering an outstanding summer school program for your children this summer at Maryvale Prep. The program will focus on developing knowledge and skill in reading and mathematics at the Kindergarten – 8th grade level and preparing for additional courses and recovering graduation credits at the high school level.

Our teachers will utilize your children's academic data from this past year to build a curriculum that is tailored to the needs of the students in the program. Our classes will have a capacity of 20 students and will be filled on a first-come, first-served basis. See the registration section below for more information.

Please complete registration on our Configio portal at <https://maryvaleprep.configio.com>. Due to a grant received, summer school is free of charge this year but registration is still mandatory to reserve your space.

Please contact our Summer School Directors with any questions.
